The Farmer's Wife

Is very careful about her churn. She sends it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are Dr. Pierce's Golden Medical Discovery, and Dr. Pierce's Kidney and Bladder Pills. These are the only medicines that have been skillfully and scientifically combined in the treatment of these ailments. That this is absolutely true will be readily proven to your satisfaction if you will mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famous medicines and showing what the most eminent medical men of the age say of them.

Quick as a Wink
That exactly expresses it. And as quickly as you can cut the contents of one package of **Jell-O** THE DAINTY DESSERT into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cold it will solidify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.
Put five large bananas, rub smooth with five tablespoons of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with whipped cream. Beautifully illustrated and recipe book free. Address: The Gelatin Pure Food Co., N. Y.

MAYOR SHORN OF POWER.

Attorney General Bonaparte handed down yesterday his opinion on the much debated right of the Mayor of Glen Echo to fine automobilists who have been speeding at their pleasure over the Conduit road, in defiance of the town's speed limit laws, and also his opinion as to jurisdiction over the Conduit road.

Mr. Bonaparte holds that the mayor of Glen Echo has no authority to impose or collect fines, either for violation of the ordinance of that town, or for offenses against the laws of Maryland. As for the Conduit road, he holds that Congress has exclusive jurisdiction over it, and that it is a public highway, but that it is subject to the control of any officer of the engineer corps, whom the President may direct to take charge of it.

If Bonaparte's suggestion is put into practical effect, the day of the town marshal is over, and the Conduit road both for the mile of it that runs through Glen Echo, and for the remaining 11 miles of its course, may be patrolled hereafter by cavalrymen from Fort Meyer.

Mayor Garrett, of Glen Echo, finds himself under Mr. Bonaparte's opinion with his occupation entirely gone. Not only can he no longer collect fines, but Attorney General Bonaparte points out that inasmuch as he never had any right to collect them, those persons whom he fined are entitled to enter suit to recover the fines either from Mayor Garrett himself or from the town of Glen Echo. Mr. Bonaparte, however, admits that it is not entirely clear if it would be practicable to arrange a satisfactory test case in the premises. Moreover, such proceedings could be instituted only in the courts of Maryland.

The ruling of the Attorney General is not taken seriously by the mayor of Glen Echo. He said last night that he would take no cognizance of the decision until the Supreme Court has heard the case, or he has been informed by Attorney Peter that he is in the wrong, and that in the meantime the town marshal, or as soon as one is appointed to succeed Marshal Collins, resigned, will continue to enforce the regulations as has heretofore been the case.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and leave in many instances permanent fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by W. F. Creighton & Co. and Gibson & Timberman.

WAR RUMORS DENIED.

From the State Department and from the Japanese Embassy in Washington came swift and conclusive denial yesterday of the accuracy of the statement cable from The Hague to the London Daily Telegraph and reprinted in this country to the effect that Japan has made categorical demands upon the United States government for satisfaction in connection with the treatment of Japanese in San Francisco and has served notice of her intention to deal with the Californians herself if the national government fails to do so.

At the State Department it is said that the American public is fully aware of the nature of all the exchanges that have taken place on this subject; that there has been no correspondence of recent date and that there are no negotiations in progress between the two governments. This statement is fully confirmed at the Japanese Embassy where, moreover, it is positively stated that Ambassador Aoki is not going to Japan next fall as was reported in a Japanese newspaper.

Viscount Aoki authorized the following announcement:

"Viscount Aoki, the Japanese ambassador, has no intention whatever at the present time of going to Japan next fall, or later; he has no intention of offering his resignation to his government, and has had no intimation from either this or his own government that his resignation would be desirable; there is no incident at the present moment between the United States and Japan, never has been, and there is no present prospect that there will be; there is no reason whatever for even suggesting that the Japanese government might look upon the transfer of the Atlantic fleet to the Pacific coast, or even to the Asiatic station, as an unfriendly act, and the talk of a boycott against American goods in Japan is as absurd as talk of war."

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. S. Leadbeater & Son's drug store.

FRANCE AND THE CHURCH.

"France is not lost to the Catholic Church, and notwithstanding the seemingly irreconcilable differences now existing between the French government and the Vatican," said Abbe Felix Klein, the French clerical writer and scholar, who has just arrived in New York.

"The church in France," he said, "will survive the exactions and spoils of the State," and with the Catholic Church in America as a model, in the future, would develop a strong spirit of freedom and would throw off its dependency on the French government.

Abbe Klein is in this country to give further study to American church institutions, together with the country's moral and civic development, and he hopes to obtain such knowledge as may aid in the solution of the difficulties that now beset the church in France. The Abbe, who has made a profound study of the church system in America, and who has written many works of note on religious life in this country, believes that America will be the dominant power in the Catholic Church in the future unless there is a subsidence of the disposition on the part of the Latin governments to take control of the church. Abbe Klein will be in the United States for four months and will lecture on the religious crisis in France at Chautauque, Chicago, San Francisco, Boston and several other cities in the United States.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skrum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by W. F. Creighton & Co., and Gibson & Timberman.

PRODUCE DEALERS FINED.

Judge Kimball, in the Washington Police Court, yesterday fined Harry J. Rice and John H. Carter, produce dealers at 936 Louisiana avenue, \$150 in two cases in which it was charged by the prosecuting attorney that they had sold strawberries in short measures. The baskets were exhibited in court; they had the bottom bent upward. In their defense the produce dealers said they had bought the baskets in the condition in which they were found, and if there was a fraud they were defrauded as much as the consumer. Judge Kimball set forth that the District had a law prohibiting the sale of produce in short weights and under that law responsibility rests upon the man who makes a sale. He said that it was a dealer's duty to find out whether articles dealt in are full weight and pure.
